

Following the success of last year's traffic light party we decided to throw one again. It was a successful event with an extremely good turnout and with many people participating in the theme. The aim of the event was to create a fun environment and allow people from all around masey to meet each other and socialise. Spot Prizes were given out for best dressed. It was important for us to keep this event free despite the costs involved in order to promote a better social culture within the engineering community and the wider Massey community. The party continued until 2am when The Ferguson Bar staff needed to rest, but the atmosphere this time around was far better than any previous AMESS instigated events.
