

Massey eSports Club

TeamSpeak Server

Our TeamSpeak Server has been a massive success. Since getting it our club members have been logging onto it every day to chat and organise games with each other. The server is free for any other students to use, details on how to use it can be found on our Facebook group or relayed by one of our club members.

Uniform T-Shirts

Our uniform t-shirts have been ordered and many members opted to purchase their own customised t-shirt. We expect them to arrive shortly. After a redesign, we opted to include the Albany campus Rooster design as can be seen below.

PingZero48 Event

Massey eSports ended up sending 16 members to attend PingZero48 and everyone had an amazing time. Over 240 gamers competed in various tournaments with some of our own teams placing high and winning prizes. It was a great bonding experience for everyone who attended and we are already planning to attend again.
